Dear Sir:

The WEEKLY SUMMARY was not filmed prior to January 1960. It is available since that date on ACTICARDS (IBM card size microfiche, several pages to a card), and we will duplicate a set of these if suitable for your facilities. It would be very time consuming to prepare a reel as each weekly issue is filmed on a separate reel. We regret that older issues are not available on film, and will await your reply regarding the ACTICARD suggestion.

Yours truly,

25X1
